MESSAGE

I am pleased to learn that the Suchirindia Foundation had organized the '32nd National & State Level Olympiads' and the winners of this Olympiads are being awarded with 'Sir C.V. Raman Young Genius Awards – 2024,' on 16th February 2025.

Young Students are the future of India. Their energy, creativity and talent have the potential to shape the nation's progress and prosperity. It is imperative to channel their abilities into constructive and innovative endeavours, empowering them to lead India towards a brighter and more promising future. It is heartening to note that the Suchirindia Foundation conducts a national-level talent test and honours talented students every year.

It is commendable that in 2024, 1260 schools and 135000 students from various parts of the state and the country participated in the 32nd National & State Level Olympiads. Among them, 450 young genius students will be awarded at the 'Sir C.V. Raman Young Genius Awards – 2024' ceremony. This initiative is an excellent way to inspire young minds and encourage them to strive for excellence in their academic journeys.

I also applaud the foundation's efforts to honour best educators and institutions with the 'Guru Brahma' and 'Chatralaya Puraskar.' Teachers and schools play a pivotal role in shaping young minds and recognising their contributions highlights the significance of their dedication and commitment to building a brighter future for our nation.

I extend my heartiest congratulations to all the participants and winners. I am confident that their achievements will serve as an inspiration to others.

I also congratulate Suchirindia Foundation for the successful conduct of the grand Olympiads and wish the 'Sir C.V. Raman Young Genius Awards – 2024' event all success.

(Om Birla)
